1. Summary

In this updated sustainability report, Hotel Ibrahim Pasha demonstrates its ongoing commitment to preserving local culture, enhancing the guest experience and advancing sustainability initiatives. Building on the progress made in previous years, we have further improved our environmental performance and strengthened our social impact through targeted initiatives and responsible operational management.

Compared to 2024, our total carbon footprint has continued to show a downward trend; our total emissions have decreased from 59.65 tonnes of CO_2e, and our emissions performance per room has improved beyond the previous level of 8.36 kg CO_2e per occupied room. These developments reflect our ongoing efforts in the areas of energy optimisation, operational efficiency and resource management.

Furthermore, our social responsibility initiatives have been expanded; in particular, donations to organisations such as TEMA and TEV on special occasions have been increased. Thanks to all these efforts, Hotel Ibrahim Pasha continues to strengthen its position as a responsible and forward-thinking accommodation provider.

2. Introduction

5. Guest Experience and Local Engagement

At Hotel Ibrahim Pasha, we believe in building meaningful connections with our guests and the local community. We aim to make every stay more valuable by offering unique experiences that celebrate Istanbul's culture and traditions.

Personalised Service
Our guests experience the personalised service ethos of our team, who take great pleasure in sharing local recommendations about Istanbul, organising cultural tours, and ensuring every guest feels at home.

Local Engagement
We foster an active connection with local businesses by recommending nearby shops, restaurants and places of interest to our guests. By supporting local businesses, we contribute to the vibrancy of Istanbul's neighbourhoods.

Gastronomic Delights
We serve Turkish delicacies and regional flavours at our breakfast buffet. We invite our guests to experience the flavours of Istanbul, from aromatic Turkish coffee to traditional sherbet, accompanied by warm hospitality.

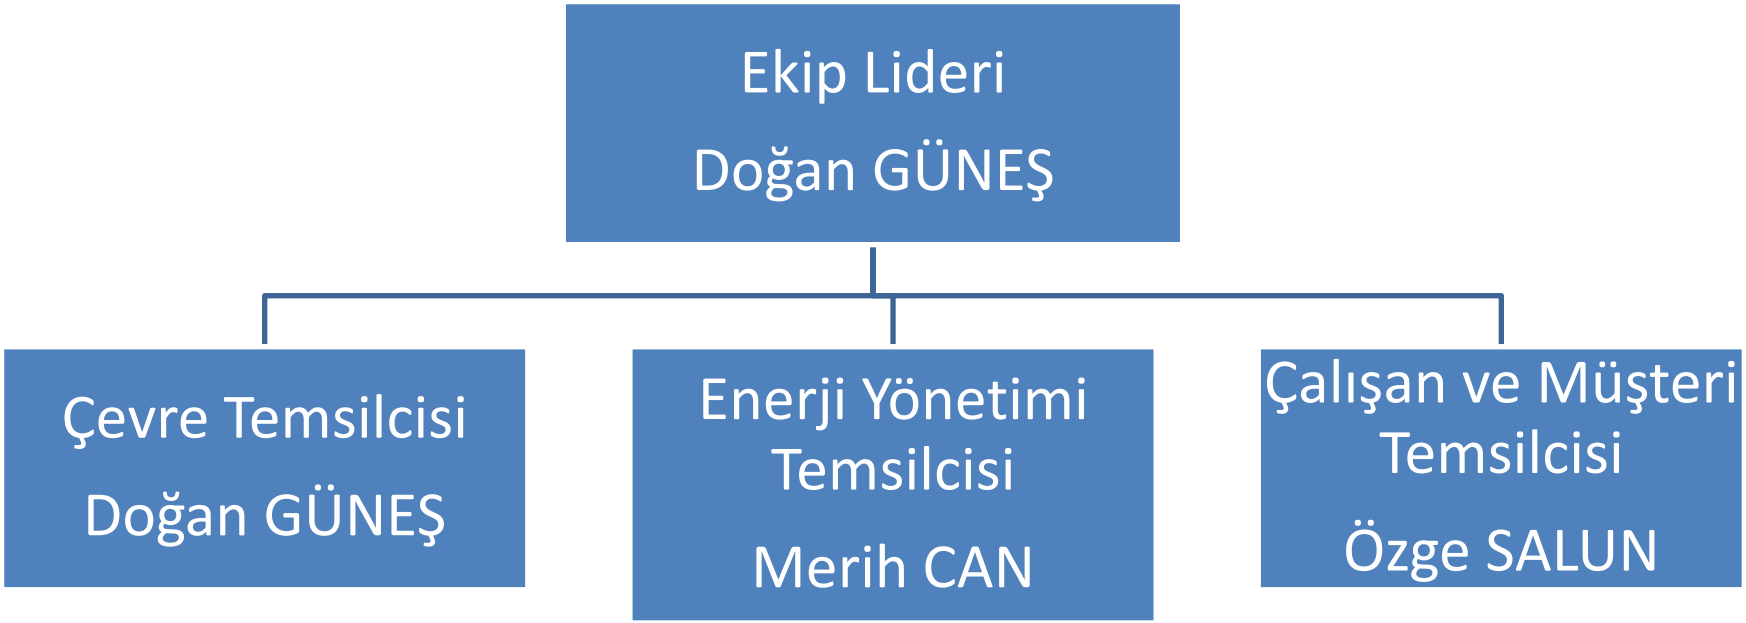
Cultural Experience
Our guests can explore the city's cultural fabric up close through guided city tours, gastronomic experiences and interactive activities that highlight Istanbul's history, art and culinary traditions.

These sections demonstrate Hotel Ibrahim Pasha's commitment to preserving cultural heritage, supporting local participation, and enhancing guest experiences through unique encounters and sustainable practices.

6. Sustainability Initiatives

Sustainability Team

At Hotel Ibrahim Pasha, sustainability is a process driven by the active participation of all departments. Our management and operations teams work together to minimise our environmental impact and integrate sustainable practices into our day-to-day operations.



6.1 Energy Consumption and Sustainability Targets

At Hotel Ibrahim Pasha, we are constantly developing our efforts to reduce energy consumption and minimise our environmental impact.

Energy Consumption Statistics
We regularly monitor our consumption of key resources, particularly water, electricity and natural gas, to improve our operational efficiency.

Water Consumption
Following the average consumption levels measured during the 2024–2025 period, further improvements in water usage were achieved in 2026, making consumption per guest more efficient. This development was supported by the increased use of water-saving equipment and awareness campaigns.

Electricity Consumption
Electricity consumption, measured at an average of 5.26 kWh per room in 2024, was further improved in 2025 thanks to energy efficiency measures and operational optimisation. LED lighting systems and smart usage habits played a significant role in this development.

Natural Gas Consumption:
Natural gas consumption in heating and hot water systems continued its downward trend compared to 2025. This reduction was made possible through insulation improvements and system optimisations.

Sustainability Goals

Hotel Ibrahim Pasha continues to pursue the following objectives to enhance energy efficiency and promote sustainable practices:

Raising Awareness of Sustainability
Both our staff and guests are involved in the sustainability process to achieve the set targets.

Staff Training
Regular training sessions are held on energy saving, waste management and sustainable operations. Team leaders monitor the practical application of the information provided on the ground.

Guest Information
Guests are encouraged to participate in sustainable practices through in-room materials and communication tools. Upon arrival, guests are provided with a detailed verbal briefing on the city's culture and heritage.

Feedback and Collaboration
Processes are continuously improved based on feedback from all stakeholders. Innovations in sustainability are monitored and implemented through the media and stakeholders.

These initiatives demonstrate Hotel Ibrahim Pasha's commitment to resource management and environmental responsibility. A continuous improvement approach is adopted with the aim of achieving a more sustainable future.

7. Waste Management

Hotel Ibrahim Pasha continuously improves its waste management processes to reduce its environmental impact.
Data from 2025 showed an increase in plastic, glass and paper/cardboard waste in particular; this was attributed not only to increased consumption but also to more effective sorting and reporting processes.
The focus for 2026 is:
Improving the quality of waste separation
Reducing unnecessary consumption
Improving recycling processes
.
In this context:
Recycling practices have been strengthened across all departments
Awareness of waste separation has been raised among staff
Operational measures have been implemented to reduce plastic use

Recycling Programmes

Comprehensive recycling programmes are in place throughout the hotel. Separate bins for recyclables and general waste are provided in guest rooms. The housekeeping team collects these items regularly to ensure they are sorted correctly.

Total	**728.91**	**1,093**	**+364.09**	**+49.9%**

Brief Analysis
The total amount of waste reported in 2025 has increased compared to 2024. However, this increase is attributed to more systematic waste sorting and more regular reporting processes.

The largest increases:
Paper & cardboard
Plastic
Glass

categories.

The elimination of mixed packaging waste, however, indicates that waste is being sorted more accurately.

Management of Chemical and Non-Recyclable Waste
In addition to recycling, importance is also placed on the proper disposal of chemical and non-recyclable waste.

Chemical Waste Management
Hazardous waste, such as cleaning products and batteries, is collected separately and handed over to authorised companies.

Non-Recyclable Waste
These are sorted appropriately and disposed of in a manner that does not harm the environment.

Cooperation with Authorised Organisations

Hotel Ibrahim Pasha collaborates with licensed waste management companies and local authorities to ensure waste is managed in accordance with legal regulations.

Environmental Impact
As a result of these measures:

The amount of waste sent to landfill has been reduced
The circular economy approach has been supported
Environmental impact has been managed more effectively

6.3 Environmentally Friendly Procurement

Hotel Ibrahim Pasha prioritises sustainability criteria in its procurement processes.

Local Sourcing:
Priority is given to products sourced from local producers.

Sustainable Materials
Environmentally friendly and low-impact products are preferred.

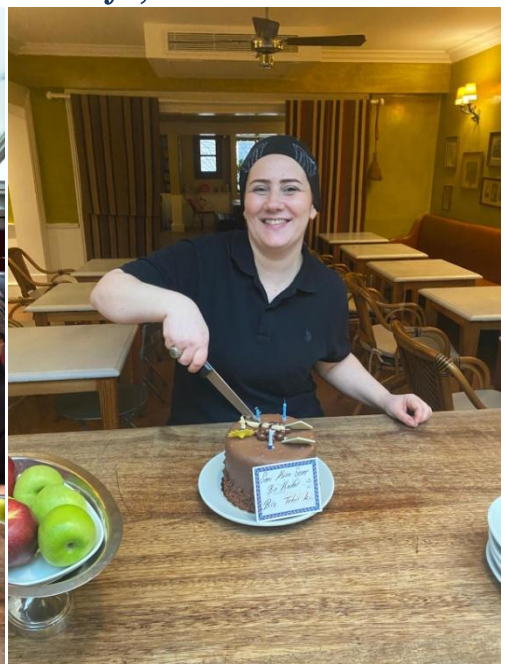
Procurement Policy
Sustainability-focused products and services are preferred.
This approach both supports the local economy and reduces environmental impact.

8. Employee Engagement and Well-being

At Hotel Ibrahim Pasha, our staff are our most important asset. Accordingly, staff well-being and development are among our top priorities.

Celebrating Special Occasions

We celebrate our employees' birthdays, work anniversaries and special occasions to strengthen team bonds.



Rewards and Incentives

Motivation is boosted by offering employees tickets to cultural events and various rewards.

New Year and Special Events
Events are organised on New Year's and special occasions to enhance team spirit and unity.

Training and Career Development
Training programmes are organised to support employees' professional development.

Health and Wellbeing Programmes
Initiatives that support employees' physical and mental health are encouraged.

Environmental Awareness
Staff are being made aware of sustainability issues and are actively involved in the processes.

Feedback and Recognition
Employees' contributions are regularly recognised, and feedback mechanisms are actively utilised.

Thanks to these initiatives, Hotel Ibrahim Pasha provides a working environment where employees feel valued, motivated and able to develop.

9. Community Engagement

In 2025, Hotel Ibrahim Pasha further strengthened its social responsibility initiatives and increased its contribution to the local community.

Social Responsibility and Donations
Whilst support for local charities continued, donation practices were made more systematic in 2025. In particular:
TEMA Foundation
TEV (Turkish Education Foundation)
ÇEKÜL (Foundation for the Protection and Promotion of Environmental and Cultural Values)
Donations to such organisations have been increased; contributions in cases such as funerals, commemorations and special occasions have been brought into a more regular framework. This approach ensures that social responsibility is integrated into the guest experience.

Animal Welfare Initiatives
Regular food support is provided to local animal shelters and farms. This support contributes to the animals' ability to live in healthy conditions. Our donations to the **Haytap** organisation are an example of this.

Partnerships with Local Organisations
We maintain partnerships with local organisations and initiatives focused on sustainability and social benefit. These partnerships aim to create a collective impact and enhance social contribution.

Participation and Awareness
Our employees and guests are involved in volunteering initiatives and awareness projects to promote a widespread sense of social responsibility.

---

10. Cultural Awareness and Local Partnerships

Hotel Ibrahim Pasha aims to present Istanbul's rich cultural heritage to its guests in the most authentic way.

Supporting Local Businesses

We contribute to the local economy by recommending nearby shops, restaurants and artisans to our guests. This allows our guests to experience a more authentic Istanbul.

Historical City Map and Cultural Guidance

Every guest arriving at the hotel is provided with a specially prepared city map featuring key historical landmarks and local businesses. This map helps guests to better understand Istanbul's cultural richness.

Cultural Event Recommendations

Information on current exhibitions, events and festivals is shared on the notice boards in our lobby. This enables our guests to actively participate in the city's cultural life.

Traditional Motifs in the Decor

Our hotel's interior design combines Istanbul's historic atmosphere with modern comfort through the use of traditional motifs and cultural elements.

Gastronomic Experiences

To introduce our guests to Turkish cuisine, traditional delicacies such as sherbet and Turkish delight are served. These small touches enrich the cultural experience.

Handicrafts and Workshops

In collaboration with local artists, workshops and demonstrations focusing on traditional arts such as ceramics, calligraphy and weaving are organised.

Through these initiatives, Hotel Ibrahim Pasha aims to forge a strong connection between its guests and the cultural fabric of Istanbul.

11. Future Goals and Commitments

Building on the progress achieved in the 2025 period, Hotel Ibrahim Pasha aims to take its sustainability goals to the next level.

Energy Efficiency and Savings Targets
Target: To reduce energy consumption even further, beyond the current improvement trend
Expected Outcome: A lower carbon footprint and reduced operational costs

Water Conservation Targets
Target: To further reduce water consumption by falling below 2025 levels
Expected Outcome: Conservation of natural resources and reduced environmental impact

Waste Reduction and Recycling Targets
Target: To increase the recycling rate and, in particular, reduce the volume of plastic waste
Expected Outcome: More efficient waste management and a contribution to the circular economy

Community Engagement and Social Impact
Objective: To expand and systematise donation programmes
Expected Outcome: To create a stronger and more sustainable impact on society

Employee Training and Awareness
Objective: To increase staff knowledge and awareness of sustainability
Expected Outcome: Strengthening a culture of sustainability across the organisation

---

In line with these objectives, Hotel Ibrahim Pasha continues to adopt a proactive approach to sustainability.

12. Conclusion

Hotel Ibrahim Pasha has further advanced its sustainability performance in 2026, building on the achievements made in 2025.

Key developments

Environmental Improvement: Reduction in carbon emissions and increased resource efficiency

Operational Efficiency: Optimisation of energy, water and laundry processes

Social Responsibility: Increased donations and strengthened community engagement

Employee Engagement: Increased awareness of sustainability

With a commitment to continuous improvement and responsible tourism, Hotel Ibrahim Pasha aims to achieve even greater goals in the field of sustainability.

Looking to the future, Hotel Ibrahim Pasha is committed to taking further steps on its sustainability journey. This approach is shaped not only by environmental responsibility but also by a commitment to social contribution and operational excellence.
